

## Addendum #2

---

**To:** Bid Documents Dated April 7, 2025

**Project:** BL593 Bart Kaufman Field - Turf Replacement  
IU 20231054

**Date:** April 24, 2025

---

This Addendum, issued prior to bidding, alters, amends, corrects, or clarifies the Proposal Documents to the extent stated herein and does thereby become a part of the Proposal Documents and will become part of the Contract Documents of the successful bidder(s).

---

### ITEMS INCLUDED IN THIS ADDENDUM

1. Response to Questions

#### RESPONSE TO QUESTIONS

**Q: Is it possible to enter the field from the outfield and use the parking lot out in that area. Obviously we would restore all damaged area entering the field, but much more space out that way, compared to the tighter opening and possible damage that could occur in the recommended entrance area.**

A: The University is open to negotiating alternative construction access to the field upon bid award.”

**Q: We would like to offer two products, one for the infield and a different one for the outfield, but the way the RFP is set up, we can only offer one product. Is there a way to offer both systems?**

A: Vendors may propose a combination of turf products. To modify the response from addendum 1 about a singular product must be used, one of products proposed for the base bid must be used for the alternates.

Per additional discussions with the University there is a desire for the end product to achieve a fast speed of play and natural grass/dirt infield experience.
