ADDENDUM #3

for

BL000A Site – I69 Section 6 Ilight Relocation Project – BL – South Section
Indiana University Bloomington
Bloomington, Indiana
IU 20250358

ADDENDUM #3

This addendum forms a part of and modifies the Bidding Requirements, Contract Conditions, and the Construction Documents released on February 6th, 2026, by Design 27 for the BL000A Site – I69 Section 6 Ilight Relocation Project – BL – South Section. Acknowledge receipt of this addendum by initialing the appropriate location on the submitted bid form:

The following questions were submitted in writing:

Will the project be subject to prevailing wage?

A. No, the project will not be subject to prevailing wage.

In one portion of the bid (pg 53) it states we need to submit our Contractor Asbestos Certification and Asbestos Protocol for Contractors, but on the notice to bid (pg 6), it doesn't mention either of those. Are those required?

A. These will not be required for this project.

Is IU tax exempt for the cable purchase?

A. Yes.

Is IU now supplying the cable and not to be included as part of the bid response?

A. IU is not supplying the cable, it remains part of the bid. A pre-order PO is being coordinated with Wesco in order to allow Corning to begin preparation of the required spools and expedite shipping once the order is finalized.

Have all splice locations been identified?

A. Yes, splice locations remain as shown in the drawings.

The following is an update to a response issued as part of Addendum #1:

Where do we stand on Permits?

Original response:

Filing for permits will not be required due to existing permits in place.

Updated response:

Filing for Broadband Corridor permits will not be required due to existing permits in place. Contractor will be responsible for acquiring INDOT Right-of-Way permits for the project.

DRAWING CHANGES:

None.
